Safety Policy

UPDATED 9.1.19

It is our policy that all children birth through 6th grade arrive at check-in with a parent/guardian to register for the day. At check-in, each child will receive an ID label and the adult will receive a matching ID label. This ID label allows us to get a hold of you in the service if there is an emergency. Also, whomever picks up the child needs to have the ID label with them. The safety of our children is a top priority because we LOVE our kids.

In concern for the schedules of our wonderful volunteers who are overseeing childcare, please help us in these areas. Childcare will be available 15 minutes prior to the start of services. If you arrive before that, it is your responsibility to supervise your children. Also, at the dismissal of service, please come pick-up your child from their class. Then, feel free to socialize as long as you want!

We understand that our building is a second home to many of our children, and we love that! However, this is a public building, and we want all of our kids to be safe. So, when children are not checked into a childcare area, we ask that all children 6th grade and under be supervised by a parent/guardian.

When there is an event in the building and childcare is not provided, children are not to be in rooms or hallways unsupervised. This could lead to complicated insurance issues that we really want to avoid. Please keep your children with you in the event.

Because we are incredibly grateful for all of the wonderful equipment on our stages, we need to keep all kids off of the stages in the main worship center, youth center, and in the children's big room. Thank You!
